

PRESS RELEASE

We are pleased to announce the arrival of Mrs Kim Vandevoorde who took the position as Executive Assistant to the Minafin Group on 15th January.

Kim will provide overall support to the Minafin Group and administrative support to the Board and Executive Committee of Minafin. She will report directly to the CEO and to the Director General of Minafin Group.

Kim holds a Master in translation English/Spanish. Prior to joining Minafin, Kim has worked for Ernst & Young Association Management for 6 years as Senior Assistant and 9 years for ASD (Aerospace & Defence Industries Association of Europe) as Events Manager. She has also worked for 2 years at SITA (Société Internationale des Télécommunications Aeronautiques) as Board & Council Events Administrator.

About Minafin group:

Minafin is a global fine chemical developer and manufacturer with current sales of EUR 160 million, 5 R&D centers and 6 factories in Belgium, France, Germany and the USA, and almost 800 employees worldwide. It is present across the various market segments with 5 brands: Minakem for developing and manufacturing pharmaceutical chemicals and APIs, Minasolve for developing and manufacturing cosmetic ingredients, Pennakem for green chemistry, Minascent for challenging chemistry and Pressure Chemical for high pressure chemistry and niche polymers.
